Whilst I support peaceful protests ... the extremists who are calling for to abolish the police are also asking to arrest cops. But, if there are NO police, then who will arrest the cops??? The #DefundPolice #AbolishPolice crowd are NOT thinking this thru... they are hysterical.

Is this about a virus? If you're hucking bricks and beating old women with 2x4s does the virus know, and give you a free pass?

Does anyone else think this is all ridiculous?

Right because that makes sense... we're living in the twilight zone.

The majority of people holding these protests across America are so young, they know nothing about life, haven't had a real career, family's, & aren't even at the age of 30..

Meanwhile, millions are in the streets taking advice from these same people with zero life experiences.

Re: Skewed Media Polls
Date: June 8, 2020

The latest skewed media polls must be intentional. It's clear that NBC, ABC and CNN who have Democrat operatives like Chuck Todd, George Stephanopoulos and other Democrats in their news operations are consistently under-polling Republicans and therefore reporting biased polls. They continue to poll adults or registered voters that skew away from likely voters. So instead of the 33% Republican turnout which actually happened in 2020, they are reporting polls on only 26%, 25% or even 24% Republicans. Since you get over 90% of the Republican vote, for every point fewer Republicans that they do not poll, they reduce your vote total by a point. In contrast CBS polled likely voters. CBS had 32% Republicans and a close national race. The bias seems to be an intentional strategy to suppress your vote. The latest media spin is that it's too late to define Joe Biden and it's too late for President Trump to win. We can hardly wait until they start spinning a "Biden electoral lock". It has to be a strategy to counter the enthusiasm of Trump voters.

For example, the CNN poll out today is another skewed anti-Trump poll of only 25% Republican. It's a poll of 1,259 adults – not even registered voters, let alone likely voters. Also, it was done between June 2nd and 5th before the great economic news from last Friday. In their questionnaire between asking about your job approval and the ballot, they had questions on issues including race relations, not job creation, which could have biased the poll further. It appears that the CNN poll is biased in both sample and questionnaire design to manufacture an anti-Trump outcome.
https://cdn.cnn.com/cnn/2020/images/06/08/rel6a...race.and.2020.pdf

Specifically, the NBC/WSJ poll on Sunday was among registered voters, not likely voters, and is only 26% Republican. Again this shorts Republicans about 7 points from the 2016 exit polls which had 33% Republicans. This poll was done May 28th through June 2nd and would not have a Friday's great jobs impact.
https://assets.documentcloud.org/documents/6938425/200266-NBCWSJ-June-Poll.pdf

The refusal to screen for actual likely voters is creating an under-polling of Republicans and therefore Trump voters. It seems intentional. It's exactly what the media did in 2016. Let's prove them wrong again.

So, your solution is to take away a person's ability to defend themselves?

How do you reconcile that, Mr Mayor?

Re: Skewed Media Polls
Date: June 8, 2020

The latest skewed media polls must be intentional. It's clear that NBC, ABC and CNN who have Democrat operatives like Chuck Todd, George Stephanopoulos and other Democrats in their news operations are consistently under-polling Republicans and therefore reporting biased polls. They continue to poll adults or registered voters that skew away from likely voters. So instead of the 33% Republican turnout which actually happened in 2020, they are reporting polls on only 26%, 25% or even 24% Republicans. Since you get over 90% of the Republican vote, for every point fewer Republicans that they do not poll, they reduce your vote total by a point. In contrast CBS polled likely voters. CBS had 32% Republicans and a close national race. The bias seems to be an intentional strategy to suppress your vote. The latest media spin is that it's too late to define Joe Biden and it's too late for President Trump to win. We can hardly wait until they start spinning a "Biden electoral lock". It has to be a strategy to counter the enthusiasm of Trump voters.

For example, the CNN poll out today is another skewed anti-Trump poll of only 25% Republican. It's a poll of 1,259 adults, not even registered voters, let alone likely voters. Also, it was done between June 2nd and 5th before the great economic news from last Friday. In their questionnaire between asking about your job approval and the ballot, they had questions on issues including race relations, not job creation, which could have biased the poll further. It appears that the CNN poll is biased in both sample and questionnaire design to manufacture an anti-Trump outcome.
https://cdn.cnn.com/cnn/2020/images/06/08/rel6a...race.and.2020.pdf

Specifically, the NBC/WSJ poll on Sunday was among registered voters, not likely voters, and is only 26% Republican. Again this shorts Republicans about 7 points from the 2016 exit polls which had 33% Republicans. This poll was done May 28th through June 2nd and would not have a Friday's great jobs impact.
https://assets.documentcloud.org/documents/6938425/200266-NBCWSJ-June-Poll.pdf

The refusal to screen for actual likely voters is creating an under-polling of Republicans and therefore Trump voters. It seems intentional. It's exactly what the media did in 2016. Let's prove them wrong again.

Re: Skewed Media Polls
Date: June 8, 2020

The latest skewed media polls must be intentional. It's clear that NBC, ABC and CNN who have Democrat operatives like Chuck Todd, George Stephanopoulos and other Democrats in their news operations are consistently under-polling Republicans and therefore reporting biased polls. They continue to poll adults or registered voters that skew away from likely voters. So instead of the 33% Republican turnout which actually happened in 2020, they are reporting polls on only 26%, 25% or even 24% Republicans. Since you get over 90% of the Republican vote, for every point fewer Republicans that they do not poll, they reduce your vote total by a point. In contrast CBS polled likely voters. CBS had 32% Republicans and a close national race. The bias seems to be an intentional strategy to suppress your vote. The latest media spin is that it's too late to define Joe Biden and it's too late for President Trump to win. We can hardly wait until they start spinning a "Biden electoral lock". It has to be a strategy to counter the enthusiasm of Trump voters.

For example, the CNN poll out today is another skewed anti-Trump poll of only 25% Republican. It's a poll of 1,259 adults — not even registered voters, let alone likely voters. Also, it was done between June 2nd and 5th before the great economic news from last Friday. In their questionnaire between asking about your job approval and the ballot, they had questions on issues including race relations, not job creation, which could have biased the poll further. It appears that the CNN poll is biased in both sample and questionnaire design to manufacture an anti-Trump outcome.
https://cdn.cnn.com/cnn/2020/images/06/08/rel6a...race.and.2020.pdf

Specifically, the NBC/WSJ poll on Sunday was among registered voters, not likely voters, and is only 26% Republican. Again this shorts Republicans about 7 points from the 2016 exit polls which had 33% Republicans. This poll was done May 28th through June 2nd and would not have a Friday's great jobs impact.
https://assets.documentcloud.org/documents/6938425/200266-NBCWSJ-June-Poll.pdf

The refusal to screen for actual likely voters is creating an under-polling of Republicans and therefore Trump voters. It seems intentional. It's exactly what the media did in 2016. Let's prove them wrong again.

Trump's numbers in Utah keep falling. In January, Trump was up over Joe Biden by 18 points. Today he's only up by 3 points (which falls under the margin of error). In other words, Mitt Romney is "dominating" Trump in Utah.

Could it be even remotely possible that in Roger Goodell's rather interesting statement of peace and reconciliation, he was intimating that it would now be O.K. for the players to KNEEL, or not to stand, for the National Anthem, thereby disrespecting our Country & our Flag?

You don't have a clear understanding of what this means obviously. You don't "defund" the police. You fire them all and start rehiring from the top down. This is how major cities do it with corrupt police forces. This will allow local hiring and participation. Fix this now!

I've got people who swore they'd never buy a gun buying guns. Most are still SHOCKED they have to wait 5 business days to take it home.
I expect there to be some awesome deals on never used guns on GunBroker.com in a few months.

Great statement to Congress by @Jim_Jordan concerning Defunding (not!) our great Police. This Radical Left agenda is not going to happen. Sleepy Joe Biden will be (already is) pulled all the way Left. Many, like Minneapolis, want to close their Police Departments. Crazy!

Biden publicly said he doesn't want to Defund the Police. Instead he wants to give the police more money so that they can put more police in communities to work with our citizens rather than against them. Meanwhile Trump is defunding the police by not funding State governments.

Leave it to Donald Trump to quote a man accused of covering up sexual assault. Jim Jordan should resign for the crimes he is accused of. If Jordan was a Democrat, Republicans would have forced a resignation the instant the Ohio State Wrestling team came forward.

Maybe if it wasn't for the fact that Trump took China's word for it when they said they had the virus under control (all while Biden was telling him not to trust China), we wouldn't be in this mess.

Certainly, we still have to deal with wrongdoers who sneak up on others and wield a gun at point blank range. Some of those can't afford a gun, so they just hide a small piece of pipe in cloth to pretend it's a gun.

No freakin way federal tax dollars should pay for this. They let the looters and arsonists have full reign. Now it's time for the city to pay. Besides, since they're defunding the police, anything they rebuild will just be destroyed again

AFTER ordering police To step down and abandon the city and police station to arsonists, why would we give them any money. The only money I would send would be help for mom and pop sized business, none for huge franchises.

@NASCAR fans know the #ConfederateFlag does not represent racism, but the South as a region of pride. However it appeased the sponsors who are happy that they don't have to deal with the protesters who don't watch or support Nascar anyway. Good luck with #Millennials as fans.

Talking with multiple Former and current Homicide Detectives on our team the lookout is the most important thing you'll see in a shooting. The fact that it didn't go out, and has never been released is very alarming to them. That's a major RED flag to investigators #SethRich

Four of the Six Officers that responded to Seth Rich the night he was shot were wearing body cams. Several of them were former Vice Squad members as well. Seth Rich was shot in 5D, but the area bordered up to 3D per D.C. Police precinct lines #SethRich #HisNameWasSethRich

In two years not one of the responding officers has EVER talked about the shooting of Seth Conrad Rich. $600,000 in rewards, and not one peep from one

South Korea has agreed to pay substantially more money to the United States in order to defend itself from North Korea. Over the past many decades, the U.S. has been paid very little by South Korea, but last year, at the request of President Trump, South Korea paid $990,000,000.

....Talks have begun to further increase payments to the United States. South Korea is a very wealthy nation that now feels an obligation to contribute to the military defense provided by the United States of America. The relationship between the two countries is a very good one!

Breaking: the Right continues to have no clue what antifa is because all the Right themselves do is grift from billionaires

Soros donated money to a group in 2006 that, a decade later in 2016, donated money to a group that isn't even Antifa.

Amazing work, folks.

This is GLORIOUS. Starbucks sent an internal memo banning employees from wearing any Black Lives Matter shirts or pins because it violates their policy against advocating for a "political, religious or personal issue" at work.

Now #BoycottStarbucks is trending. 😂

Notice Starbucks policy is actually good. It bans ANY political clothing or pins. From either side. But that's not good enough for the rage mob. Their views must always be allowed while censoring or eliminating dissent. It's comical at this point.

There's only 3,300 active Covid-19 cases in Arkansas out of 3.2 Million people.. These same liberal idiot sticks wanting the state to close are the same morons telling you people have a right to protest and riot.. It's the epitome of an Oxymoron..

Good Job Asa going to Phase 2!

Ever since they pulled a stunt on Trump with a twitter shame early in Trump's presidency, I stopped going to McDonalds. Now they're serving poop salads. Not surprised. Not missing them at all.

Ratner's brother, the late Michael Ratner, was an attorney who had represented Mr. Assange. According to Ms. Ratner, she made a stop in London during a return flight from Berlin, and she met with Mr. Assange for approximately six hours in the Ecuadorean embassy. Ms. Ratner said Mr. Assange told her that Seth Rich and his brother, Aaron, were responsible for releasing the DNC emails to Wikileaks. Ms. Ratner and Mr. Assange wanted the information relayed to Seth's parents, as it might explain the motive for Seth's murder.

I was murdered 3 years ago tomorrow.... Shot in the torso multiple times..

I worked for the DNC.. They're again blaming Russia..

They called it a botched robbery... Nothing was taken..

I still had my cash, phone, wallet, credit cards, watch, necklace...

Who am I?

isn't running up on someone and yelling at them considered assault in some states? If so then bring on the pepper spray. I'm all for free speech but running up on someone and getting in their face to yell makes it more nuanced

Read today's Federal Reserve report. Sobering. Mass bankruptcy very possible. All due to lock downs. Gov policy here horrible. Ruin economy perhaps for many years to come. The COFIB ain't going away. It's a flu, and will be here

Miami PD is a predominantly black and Hispanic agency.

The black cops were the first attacked and to respond to the savagery.

None of this is really about race. It's about savages seeing how much they can get away with.

Conservatives however can't go shopping, eat out, to the movies, to the park, or to a Trump rally..

Can you imagine that? MLK lead civil rights protests and made changes that were desperately overdue. George Floyd's death is a shame, but it is also an excuse. There are good people peacefully protesting about police brutality, others hijacking it

Since they only poll 29-30% Republicans and 45-48% Dimms, what do you expect the polls to show? This is ridiculous! Pick 1500 people at random and ask them. That'll be more accurate than the method used by these supposedly 'scientific' polls. They're all skewed left!

Joe Biden is attacking the President for holding rallies again..

Meanwhile, this same A**clown is okay with hundreds of thousands of protesters and rioters being out every day for 3 straight weeks.

Joe Biden is the WORST Presidential Candidate in HISTORY.

Thought [they] were still working on and testing the vaccine. How'd the media get a vaccine already? Starting to look more like a PLANdemic and they were given "protective" vaccines.

Back when we were growing up in the 60s, 70s & 80s, no one really knew if you were a Republican or a Democrat. You know why? It didn't matter at the end of the day. Because pretty much everyone loved this country, respected the flag & believed in the promise of America. Not now.

For those that are unaware, Myself, and my team have been sued by former Obama White House Counsel for investigating the Seth Rich murder.

The GOP establishment's only allowable mode is to try to convince the Left that it is not racist. To the Left, this attempt at Appeasement represents only weakness, so they go harder.

The credibility of institutions is failing.

That's why the America 1st Coalition that put Trump in office needs to better define itself as the leading faction of the @GOP. As far as the credibility of the party goes, the only way push forward through the modern Left is to go just as hard as they do, kinda like Trump does

Notice how the narrative has changed from Derek Chauvin (arrested and charged) to "abolish police" to "tear down statues"?

FYI: Joe Biden is a gun owner. He isn't taking anyone's guns unless you own a military style assault weapon.

Joe Biden also wants to give the police $300 million more money. He was to fund them MORE, so that they can train better. Nice try, you weak coward!

It's because many people worship police and government. They like a false god giving permission on who has to be shot and killed while unarmed. Obviously, they don't understand that it's wrong to claim someone is a felon for life who must be killed while unarmed.

Walmart is moving to all self checkouts as they've dubbed a pilot store in Fayetteville, Arkansas..

I will not be paying regular prices for groceries that I have to sack myself, this defeats the purpose of retail.

It's time to start supporting farmers markets, butchers, etc.

Thank you Frank. Fredo's ratings are really bad, more than 50% down. A loser!!

Frank Luntz @FrankLuntz

Tonight, @ChrisCuomo criticized Trump's economy while using data that stops in 2016.

This is complete incompetence.

Walmart is moving to all self checkouts as they've dubbed a pilot store in Fayetteville, Arkansas..

I will not be paying regular prices for groceries that I have to sack myself, this defeats the purpose of retail.

It's because many people worship police and government. They like a false god giving permission on who has to be shot and killed while unarmed. Obviously, they don't understand that it's wrong to claim someone is a felon for life who must be killed while unarmed.

A criminal in Springfield, Missouri sent out text messages that he was going to run over a cop...

He did, and damn near killed him, pinning him against concrete..

The liberal prosecutor only charged him with "assault" instead of attempted murder, it's ridiculous..

Because people don't know we don't shoot to wound. We only shoot to kill. Center mass. If you shoot for a leg or an arm, you are going to miss and hurt an innocent bystander. But liberal armchair QB's know better. I'm tired of playing nice. Someone needs to kick some ass.

An X26 Taser which is likely what the police had will completely incapacitate a subject if shot with it, rendering the person helpless. If a suspect has OC Spray or a Taser using it against an officer, he can & should use lethal force to properly protect himself & others.

Pretty sure it doesn't matter what color you are. If you attack a cop, steal his Taser. Then threaten to use his taser on him to where you could get his lethal firearm and then use that on him, you are going to be shot regardless of color.

You pull to eliminate the threat, not for any other reason. When that gun leaves the holster the decision has been made. There times when you dont fire, but when you do it's not to wing someone. Take a firearms class FFS.

Let's go through the logic of defunding & dismantling police

Doctors kill 250,000 people yearly in the US via medical malpractice

Police killed 13 unarmed Black men in 2019.

Should we dismantle & defund doctors?

No, they do more good than harm. Right? Extend that logic now

So San Diego county is suing the Trump administration because they have too many illegals and they can't contain them all,, but I thought there wasn't a crisis at the southern border?

Furthermore why aren't they suing Gavin Newsom?

I mean after all he's the sanctuary captain!

Sometimes I think we have too many groups when in reality we all should join forces and make it one big group to have more lawyers, more investigators and working together we need to promote that to become stronger an fight those that are out to destroy America as we know it

George Henry @burnsurvior · 1 abr. 2019

We need leadership to join the forces together it doesn't have to be one big one but we need to get it down to two or three and working together perhaps I'm wrong but I get info from many different groups and only #JudicialWatch is countering those manipulating our gov. And laws

The DEMOCRATS have given us the weakest immigration laws anywhere in the World. Mexico has the strongest, & they make more than $100 Billion a year on the U.S. Therefore, CONGRESS MUST CHANGE OUR WEAK IMMIGRATION LAWS NOW & Mexico must stop illegals from entering the U.S.

Day 4

Today on my white privileged journey I went to Sonic.

I ordered a Route 44 Peach sweet tea.
Not only did I get an extra pump of peach flavor for free but they made some fresh tea just for me.
Deal with it!!

The timing of the Smollett charges dropped is highly interesting. This happened out of the blue, a day after one of his lawyers, Mark Geragos was implicated in the Avenatti case.

Did Geragos flip on Obama, Kamala or someone else?

Our testing is so much bigger and more advanced than any other country (we have done a great job on this!) that it shows more cases. Without testing, or weak testing, we would be showing almost no cases. Testing is a double edged sword - Makes us look bad, but good to have!!!

This is a blatant lie. We may have done more testing, but we are far behind on testing per capita. And when we are doing the testing, Republican governors are not following the guidelines your administration put out, because you have told them not to.

BREAKING: LGBTQ workers just won huge in a 6-3 #SCOTUS decision. The ruling, led by Trump-appointed Justice Gorsuch, and joined in by Chief Justice John Roberts, gives LGBTQ workers protection from employment discrimination.

TRUMP LOST!
AMERICA WON.

What a poet and a dreamer SICK!

"As I neared the young ones, I put all my weight on my right foot, keeping the accelerator pedal on the floor until I heard the crashing of the two children on the hood, and then the sharp cry of pain from one of the two. I was so fascinated for a moment, that when after I had stopped my vehicle, I just sat in a daze, sweet visions filling my head."

That means McCain was purposely trying to sabotage Trump's election win

Dear Rand Paul,

Your mindset that the Democrats won't use a National Emergency because you won't do it, its laughable.

You're only showing how naive, moronic, and foolish that you truly are.

I used to respect you, you have fallen to the lobbyists and puppets, truly sad

Throw someone away because they disagree with one thing. Even if he is wrong this is moronic. It's how liberals are reacting. People like John Bolton get a pass. It appears he's keeping our troops in Syria and trying to start new wars. You cultists can justify anything

Agreed. I really like @RandPaul, but he's got to accept that the Left has given up all semblance of integrity. When the other team is constantly cheating, and you insist on playing by the rules, you won't just lose, you'll be obliterated

As a public high school teacher, my husband has noticed this big change: when a teacher corrects a student in any way, the parents used to automatically side with the teacher. Now they defend their child and criticize the teacher.

Spike Lee is nothing more than a person who plants the seeds of division in this country, with each and every work he produces under the veil of "social justice"

His tantrum doesn't surprise me. Someone tell Mr. Lee that there are no participation awards in the real world.

I sent her the instagram link, which is still live, and then nuked her.

It all started when he tried to cancel Domino's.

The mask issue is very insidious because they divide people using fear!

There needs to be a strong statement made by health officials that masks do not work instead of their back and forth contraindicating information purposely made to confuse us!

Thought [they] were still working on and testing the vaccine. How'd the media get a vaccine already? Starting to look more like a PLANdemic and they were given "protective" vaccines.

I think regret/guilt always follows these decisions even if it's many years later. No one seems to ask older women how they feel about their abortions from decades earlier & would they recommend younger women to have them, we only ever hear from rabid pro-choice feminists

The mask issue is very insidious because they divide people using fear!

There needs to be a strong statement made by health officials that masks do not work instead of their back and forth contraindicating information purposely made to confuse us!

Yes. Sadly time to reimagine policing. They should resign, form their own policing business, contract with towns / cities under their own terms. Currently our officers risk their lives, are not supported, with very little pay. #BackTheBlue

Nah. This is too extreme. My town is fine with having a police force and we treat them well. Certain cities probably do deserve to lose the officers they have. Not everyone does

Yes. Sadly time to reimagine policing. They should resign, form their own policing business, contract with towns / cities under their own terms. Currently our officers risk their lives, are not supported, with very little pay. #BackTheBlue

This person also probably supports MADD. Which is it, do you want drunk driving when your own kids are also out there driving or not? Just let him sleep it off, that's a good way to treat that problem.

Whoever he killed, that family would then sue the Atlanta Police Department...

I'm much more worried about the idiots that claim to be on our side than the left. Some of these folks aren't realizing what's happening in America and do not even see the all out war on our police & country..

My God these people are a disaster and more dangerous than the left.

Some demonstrators have locked the doors from the outside of the Justice Center and are lighting fires on 2nd Avenue. They are also tampering with the roll up doors of the Justice Center on 2nd Avenue. This is a life safety issue. Remove the items now!

For everyone saying it's too harsh, the majority of Americans WILL NOT speak up for police right now and that goes for conservatives. They're letting the mob & thought police intimidate them from speaking out.

Why should the police stand for those that won't stand for them?

After the decision involving the Atlanta Officers today. EVERY Police Union across the country should ask their Command Staff if the incident regarding Rayshard Brooks was justified or not.

If the answer is no, demand Use of Force retraining and refuse to patrol until it happens

For everyone saying it's too harsh, the majority of Americans WILL NOT speak up for police right now and that goes for conservatives... They're letting the mob & thought police intimidate them from speaking out..

Why should the police stand for those that won't stand for them?

For everyone saying it's too harsh, the majority of Americans WILL NOT speak up for police right now and that goes for conservatives. They're letting the mob & thought police intimidate them from speaking out.

Why should the police stand for those that won't stand for them?

Maybe Democrats should stop complaining to the press and actually start negotiating?

President Trump has now offered 3 deals, and they won't even look at them.

The Democrats OWN this shutdown.

All over .06% of a 3.5 Trillion Budget. Not even 1/10th of 1% of our 2019 budget!

It's not just the Dems. @RMConservative says Mitch is pushing a bill that gives money but not for what Trump wants to build. I don't know exactly what he can do with the cash, but apparently not build a decent Wall. We are being screwed. He has to go it alone.

While I'm for a wall, that won't stop them just like $2+ billion annually for DEA doesn't stop drugs. We have to quit incentivizing them w/ jobs & social services Unfortunately our inability to grow our population means, we will continue 2 incentivize by our demand for taxpayers

I'm sure this will fall on deaf ears, but he didn't offer DACA, he offered an extension which the courts already maintained
So he's offering something that basically already exists

The court's temporary. It was an executive order and as such can be struck down by executive order. If they don't get congress to do something soon they are subject to deportation. That's a fact. Trump is buying them more time with this compromise

Taco Bell fired a manager for wearing a Black Lives Matter mask to work.

The same people who are saying twitter can censure conservatives because they are a private company are the same people saying Taco Bell can't fire this employee.

Talk about hypocrisy. #RIPTacoBell

Welcome to cancel culture. This is just the beginning. Over the next ten years all fascists are gonna be canceled right out of this society. Racists are being doxxed daily, outed, and fired from their jobs. Welcome to the new world. Bye Bye Taco Bell
